Following Shakespeare's

footsteps

FOR YOU MUM

She gives the biggest gift to you
In a natural way
How life could be true
And you can't go away

There is a fairy tale feeling
That stand in your journey
And if you are crying
She can make a beautiful day

How sun show us is brightness
Love always opens heart
She is the only sweetness
That made you a perfect art

For the most important hero
She created me starting from zero

Fire

You always drink

To tell me

What you think

About me

I would try

To argue you

But you always cry

I don't guess you

Give me freedom

Give me fire

Give me a reason

I became a fighter

I'm not a liar

My heart is on fire

Love in love

The air entries in my heart
And I fall in love with you
But I escape with the kart
From the place to meet the truth

I eat your love
This is my art
But I won
The battle of my heart

It's summer now
I want only you
But I boring now
Because there isn't you

We are Michael and Luca
And for forgetting, we drink a Sambuca
