#### MONEY, HONEY

Shall my tree grow?  
There's a skyfall  
Or shall it remain slow?  
And I am a ball

It's a slime tree  
Don't spend your money,  
Give them to me  
I'll buy money

It's summer time  
It's time of graduation  
We are not very fine  
And we sing "Svalutation"

You are cute!  
And John is singing "Hey Jude!"

#### TIME AND LIFE

Many people always say  
Don't complain 'bout what you do  
Because time goes away  
And life goes too

Let every day be bright  
Full of who you really love  
Give to each other your life  
So world will shine more

Don't be scared of raising your voice  
Tell what is in your mind  
Don't be afraid of making noise  
There is a world behind

Look after someone  
And you won't be alone.

#### WHEN MAY IS COMING

When May is coming  
Colored swallows fly,  
And the sun starts rising  
Shining high in the sky.

Nature becomes an incredible miracle  
That shines of a new light,  
Everything looks adorable  
No one has the will to fight.

May is the month of the sunflowers  
When you can see spring coming outside,  
Earth rediscover its powers  
Nothing is left to hide.

May always surprise me,  
Every time it comes I feel free.
